

## CELEBRATIONS

15 49

### Sparkling Brut Reserve NV

*In awe of the French style Champagne we wanted to create something beautifully unique. Instead of a dry styled Champagne we have worked hard to create a beautifully creamy yet crisp off dry Brut. Oddly not too sweet and not too dry, our wooded Chardonnay creates a lovely creamy and buttery base which is lifted by our addition of Chenin Blanc, Viognier and Colombard. These additional varieties help to balance the smooth Chardonnay bringing pear and citrus notes to the palette. Perfect for any time of day!*

**Master of Wine, Peter Scudamore-Smith, has given us an impressive 90 points, placing it straight to the top of all the sparkling wines 'Best in Region' in the Scenic Rim & nationally regarded!**

13 40

### Rosé 2021

*Paying homage to our traditional variety, we have much joy in bringing you a single variety Merlot Rosé. A Rosé is a style of wine making, we take a red grape stripping it off the stems, seeds and skins to take advantage of the delicately light and fruity flavours held in the flesh. Here we leave the skins on for a short period of time, as a grapes colour and tannins come from the skins. This is where we get our beautifully deep Rosé colour whilst keeping the delicate notes of our off dry Rosé.*

### Rosé 2018

12 39

*Crisp and summer like, this Rosé makes us proud to be vineyard owners, with each nuance in flavour present in the finish and each mouthful, being a genuine taste of the Scenic Rim microclimate, rich creek flat soils and pristine water. Smooth yet bold mouth and nose to complement adventurous menu pairings! Merlot vines right next to the Chalet bistro, beside the Olive Grove.*

**SOLD OUT**

## WHITES

14 40

### Pinot Grigio

*The grapes were harvested late February during the cool of the night after a hot, dry summer. They're pale in colour with a beautiful green hue from four hours left on skins before crushing and pressing. Bursting with a fruity palette, of pear and melon, this vibrant wine is well-balanced with a crisp and fresh acidity. Vegan friendly, yay!*

### Golden Chardonnay Oak Aged 2005

13 45

*As Sarabah's terroir is not suited to growing Chardonnay, our granite belt friends have grown a stunning drop that we just cant get enough of. As Sarabah's terroir is not suited to growing - we are proud holders of this Chardonnay that is now the oldest in the Scenic Rim. Held in French oak for 18 months then bottled, this 16 year old wine holds a beautiful Golden hue. From its combined ageing techniques, its time in the barrel and bottle have created a beautiful creamy, buttery and smooth finishing wine.*

13 45

### Unwooded Golden Chardonnay 2008

*Grown amongst the unique terroir of the granite belt this beautifully aged Chardonnay is perfectly crisp yet acidic with fresh peach, pineapple and hints of Honeydew Melon engulfing your palette. With over ten years aging in the bottle this Chardonnay is perfectly crisp yet complex, a perfect example of unwooded wine making.*

### Colombard 2008

11 38

*Colombard also known as French Colombard is a white French grape variety that is the offspring of the Chenin Blanc and Gouais blanc. Traditionally, used in France to make Cognac this variety is beautifully fruitful with a natural sweetness. Best paired with creamy cheese's or sweet treats bringing out crisp apple and peach on the palette.*

## REDS

16 44

### Cabernet Sauvignon

*This luscious Cabernet has a dark red colour, aromas of blackcurrant, blackberry and mint, lingering mouth-filling flavours and firm well-balanced tannins. You can drink now or age the wine for up to 3 years. Upon drinking you'll enjoy rich dark fruit and a generous length and balance. Make it a perfect partner to rich grilled meats, peppery sauces, and dishes with high flavour. The vines behind the marque are vegan, notably thicker to prune with darker stems.*

13 40

### Merlot 2018

*Merlot Vineyard, we are very proud of our single variety vintage here at Sarabah Estate. Being a classically dry styled wine we stay true to the natural flavours of this variety with notes of young red stone fruits; Red plums and cherries. As weather conditions vary year to year, this alters the structure and flavour characteristics of the wine each year. For 2019, this was a very wet year for us which results in a distinctive fruit forward merlot with a beautiful dry traditional finish. Taste the Scenic Rim!*

### Tawny Port

16 99

*We are proud as punch of our Tawny Port. Styled as a classic Portuguese Port we use our Merlot grapes to recreate the classic flavour of the traditional Porto grape. 15 years old topped up every vintage with our Merlot to give a beautiful fruity balance to it's earthy aged butterscotch and caramel flavours. Lighter than an Aussie styled port - this is one you may not want to share.*

### Organic Shiraz 2018

14 42

*Traditionally a cold climate grape, Australia has a strong reputation of taking on the challenge of growing this variety despite its climate struggles. Being located in the sunshine state this possesses more difficulties for us than colder states. Because of this we grow a beautifully fruit forward shiraz, due to the thinner skins. A beautiful example of its climate is giving us yummy plump notes of blackberries, plums & cherries. We call it a naked shiraz, since it is left to be its perfect self, un-oaked. Vineyard closest to the Manor with very 'designer' grape leaves - the ones you imagine!*

# Drinks List

## ON TAP

Sealegs Schooner	\$12
Sealegs 1.2 Ltr Jug	\$34
Sparkling Rosé Cider Schooner	\$10
Sparkling Rosé Cider Jar	\$12
Sparkling Rosé Cider 1.2 Ltr Jug	\$32
